Funding Overview

The U.S. Department of Homeland Security (DHS), Federal Emergency Management Agency (FEMA)

DHS/FEMA has announced the FY 2022 Nonprofit Security Grant Program (NSGP) in the amount of \$250.15 million, available nationwide for U.S. nonprofit organizations that are determined to be at high-risk of terrorist attack. The NSGP also seeks to integrate the preparedness activities of nonprofit organization with broader state and local preparedness efforts.

Of the \$250.15 million, \$125 million is available to nonprofits located in designated urban areas (NSGP-UA), and \$125 million is available to nonprofits located outside designated urban areas (NSGP-S).

New for FY 2022: Community Project Funding (CPF): One state was identified in the FY 2022 DHS Appropriations Act to receive FY 2022 CPF funding totaling \$150,000.

Funding Overview

Organizations within a specific designated California Urban Area Security Initiative (UASI) may apply through the State Administrative Agency (SAA) for an award of <u>up to</u> \$150,000 which is identified as **NSGP-UA**.

These UASI areas are:

Anaheim/Santa Ana Area, Bay Area, Los Angeles/Long Beach Area, Riverside Area, Sacramento Area, and San Diego Area.

For **NSGP-S** applicants may apply through the SAA for an award up to \$150,000.

Underserved Communities can receive up to 15 additional points based upon their social vulnerability score.

Organizations that have not been previously awarded will receive 15 additional points.

Nonprofit organizations that have locations both within and outside of UASI-designated high-risk urban areas can apply under both NSGP-UA and NSGP-S depending on the physical location of the facilities.

Underserved Community:

- Per the <u>FEMA National Disaster Recovery Framework</u>: groups that have limited or no access to resources or that are otherwise disenfranchised. These groups may include people who are socioeconomically disadvantaged; people with limited English proficiency; geographically isolated or educationally disenfranchised people; people of color as well as those of ethnic and national origin minorities; women and children; individuals with access and functional needs; and seniors.
- Per <u>Executive Order 13985</u>: populations sharing a particular characteristic, as well as geographic communities, that have been systematically denied a full opportunity to participate in aspects of economic, social, and civic life, as exemplified by the list in the preceding definition of "equity."
- Additional definitions can be found in the <u>DHS Lexicon Terms and</u> <u>Definitions.</u>

Underserved Communities

Nonprofit organizations located within an underserved community will have up to **15 points** added to their project review score. FEMA will use the Centers for Disease Control and Prevention's Social Vulnerability Index (SVI) tool to determine each sub-applicant's social vulnerability ranking. Sub-applicants in communities with a "High" SVI ranking will receive 10 additional points, and sub-applicants in communities with a "Very High" SVI ranking will receive 15 additional points.

National Preparedness Goal

The National Preparedness Goal (the GOAL) is "A secure and resilient nation with the capabilities required across the whole community to prevent, protect against, mitigate, respond to, and recover from the threats and hazards that pose the greatest risk."

Using the core capabilities, the National Preparedness Goal is achieved through five mission areas: **Prevention**, **Protection**, **Mitigation**, **Response**, **and Recovery**.

The FEMA Strategic Plan

The 2022-2026 FEMA Strategic Plan outlines three bold, ambitious goals in order to position FEMA to address the increasing range and complexity of disasters, support the diversity of communities we serve, and complement the nation's growing expectations of the emergency management community. The NSGP supports FEMA's efforts to instill equity as a foundation of emergency management (Goal 1), as well as promote and sustain a ready FEMA and prepared nation (Goal 3). Stakeholders and partners are invited to also adopt these priorities and join in building a more prepared and resilient nation.

- The VA defines, identifies, threats, vulnerabilities, and threats specific to the facility/site in the application.
- Prioritizes vulnerabilities of the organization's structure.
- The VA provides the organization with knowledge of what equipment to purchase to make the organization safer.
- Align your equipment requests with your organization's risk, which are the threats you may face, your vulnerabilities, and the potential consequences of an attack.

Application Process: Vulnerability Assessment

NONPROFIT SECURITY GRANT PROGRAM INVESTMENT JUSTIFICATION

As part of the Nonprofit Security Grant Program (NSGP) application, eligible 501(c)(3) organizations must develop a formal Investment Justification (JJ) that addresses each initiative proposed for funding. These JJs must demonstrate how proposed projects address gaps and deficiencies in current programs and capabilities. Additionally, the IJ must demonstrate the ability to provide enhancements consistent with the purpose of the program and guidance provided by the Federal Emergency Management Agency (FEMA). Nonprofit subapplicants must ensure that the IJ is consistent with all applicable requirements outlined below. Each IJ must be for one facility/location.

FEMA has developed guidelines that establish the required U content and helps ensure that submissions are organized in a consistent manner while addressing key data requirements. This form (Office of Management and [OMB] Number: 1600-011/FEMA Form Number: 089-25) may be used by nonprofit subapplicants to complete and submit their IJ. Failure to address these data elements in the prescribed format could potentially result in the rejection of the U from review consideration.

Nonprofit subapplicants must use the following naming convention when submitting required documents for the NSGP-UA: "FY2022_NSGP_UA_<State Abbreviation>_<Urban Area>_<Nonprofit Name>; and NSGP-S: "FY2022_NSGP_S_<State Abbreviation>_<Nonprofit Name>".

Applications should be submitted by the nonprofit organization to the State Administrative Agency (SAA). Nonprofit subapplicants should contact their respective SAA to get information on the application deadline and other SAA requirements. If an extension to the deadline is required, nonprofit organizations must consult with their respective SAA.

- Example 1: Fencing 240 feet of 8-foot chain-length fencing topped with 1 foot of barbed wire, to address vulnerability to breaching along the west side of the facility. 240 feet X \$208.33 per foot=\$50,000
- Example 2: \$5,000 for 8 exterior cameras, 3 located on lighting poles in the parking lot, 1 adjacent to the main entrance to the facility, and 1 on each corner of the building (4 corners), to address inability to monitor the exterior of our facility and identify suspicious activity. 8 cameras X \$625=\$5,000

Proposed contracted security personnel, planning, training, and exercise costs are also captured, detailed, and linked to vulnerabilities in the VA in this section, this is similar to the examples above.

If you are requesting Management and Administration Costs you must request it in the Section IV, it cannot be added later.

Enter all the details regarding your funding request in **Section IV Facility Hardening**.

Include in this section to list all physical security equipment proposed for purchase in the narrative portion of Section IV.

• Must include the correct AEL Numbers/s and Titles(s) of all proposed equipment purchases, the vulnerability in Section III it addresses, and the total amount requested per item.

Total funds requested must match in both the <u>narrative</u> and <u>budget</u> portion of Section IV, along with the total federal funding requested in Section I.

Any discrepancies across the 3 requested funding amounts will result in financial hold by FEMA

For each activity/investment, include the quantity, estimated hourly rate or estimated price per unit, and proposed usage.

Allowable costs include facility hardening activities, such as planning and exercise related costs, contracted security personnel, and security-related training courses and programs limited to the protection of critical infrastructure key resources. Funding can also be used for the acquisition and installation of security equipment on real property (including buildings and surrounding property) owned or leased by the nonprofit organization, specifically in prevention of and/or in protection against the risk of terrorist attack.

- Equipment listed in this section is the equipment your organization will be expected to install. Equipment must correlate to your Vulnerability/Risk Assessment.
- Bait and Switch Requests will be denied by DHS/FEMA. (This occurs when an organization is awarded grant funding but never intends to use the grant funding as awarded based on its IJ and vulnerability assessment.)
- Evaluation of your IJ application is based on how your proposal addresses the needs identified in the vulnerability assessment and your ability to complete the equipment installations within your budget and the grant performance period.

The AEL List is located on FEMA's website.
